announced at the Open House***

American Heritage's 2019 Musical Theatre Camp is proud to announce

Musical Theatre Camp enables theatre-loving kids, ages 6-15, to develop their confidence, character and presentation skills through ensemble performances. Our staff will immerse your campers in an authentic Broadway rehearsal process that allows them to be successful regardless of experience level. The show dates will be on July 11th and 12th. Musical Theatre Camp at American Heritage Camp will build your camper's confidence, inspire creative expression, and instill passion in both aspiring artists and future audiences. Campers in the theatre camp will also have several regular day camp activity periods, including a daily option to swim.

Our Black Box Theatre is an amazing, intimate venue for the Musical Theatre production. The actors will also enjoy professional style dressing rooms, scene shops, and costume rooms. Your theatre camper will be working with experienced, professional actors, directors, and musicians who have years of experience working with children in an educational setting. Our directors understand that your campers want to look and sound their best and that being a member of a cast is about more than just the finished show; its about the journey, friendships and the confidence gained.
